## FORGIVENESS AFTER ABORTION

1

**Katie's story is one of FORGIVENESS.**

Consider ONE way her story spoke to you.

2

**In order to make a real change in her life, Katie says that she prayed and had to separate herself from the "evil of the world".**

Have you experienced a time when, along with prayer, you also needed to move away from certain influences in your life once you realized they were not good for you?

3

**Regarding her statement, "I kept looking for someone to love me and help me..."**

What is the danger in looking for love/acceptance outside of our self and outside of God?

4

**Katie realized that through all of this, she needed to forgive herself.**

Why do you think forgiving one's self can be the hardest place to seek forgiveness?

5

**Katie's story shows that a series of choices do not have to determine a life-long path.**

How can Katie's story be a message of hope?
